- Standing Member – Graduate students in the Department of Physics and Astronomy (membership automatic from date of program start until graduation as indicated by congratulatory email by the Graduate Chair)
- academic year – Sept 1 to Aug 30
- calendar year – Jan 1 to Dec 31
- ‘unanimous approval’ – All Representatives must Approve (motion is without Abstain or Reject)

This Constitution is the second, with first MAPSA order (created in 2020) having fallen in 2025.

1 Name & Purpose

1.1 Name

The organization of McMaster physics and astronomy graduate students shall hereafter be referred to as the **McMaster Astronomy and Physics Graduate Student Association**, abbreviated to MAPGSA (“map-G-S-A”), but commonly nicknamed and referred henceforth as **MAPSA** (“map-sah”).

1.2 Purpose

MAPSA is a collection of peers among the Department of Physics and Astronomy graduate student body volunteering to improve the quality of life of its members by the following purposes:

- To provide a platform for graduate student concerns to be expressed to the department and university and to represent the interests of graduate students at department meetings.
- To disseminate important information to the graduate student body.
- To coordinate, promote, and enhance graduate student social events.
- To assist graduate students in obtaining support for issues related to harassment, discrimination, mental health, and inter-personal conflicts.

It is important to emphasize that this association must not take away from the personal and academic growth of participating members. Members participating in executive roles in MAPSA must be able and willing – there shall be no coercion of participation from peers, faculty, or likewise.

2 Membership

2.1 Eligibility

Membership in MAPSA shall be automatic and only for all graduate students in the Department of Physics and Astronomy at McMaster. Such members are Standing Members and remain such between the beginning date of their program until their graduation date (indicated by the congratulatory email by the Graduate Chair). Standing Members are eligible to vote and participate in MAPSA regulatory matters, but participation in MAPSA events is open to all, in accordance with all criteria enumerated in the “GSA Clubs Operating Policies” document and is offered irrespective of race, religion, gender, class, age, nationality, ability, marital status, veteran status, or sexual orientation.

2.2 Dues

There shall be no dues for participating in MAPSA.

3 Association Structure and Executives

3.1 Structure

Standing members are to be part of Constituencies, categorized by their specialty in each field of physics and astronomy according to their supervisors’ specialty. Standing members vote at the beginning of each academic year for their Constituency’s Representative. The Representatives then goes on to nominate and elect Officers and Coordinators among the Standing Members (including the Representatives themselves). Officers hold the executive roles in MAPSA, but must seek majority approval from the Representatives for most motions.

The rank hierarchy is (at the top) The Chairperson, remaining Officers, Representatives, Coordinators, Meeting Representatives, and then Standing Members. This order is stated strictly for effective MAPSA operations and must not be abused. Those found or accused of flaunting their position are considered a serious offender against MAPSA's core mission and purpose. Said offenders are immediately entered into Dismissal considerations (Section 8) without petition.

3.2 Constituencies

The Constitution recommends the ballot to be done digitally by means of Microsoft Forms without restriction of Members' votes for Representatives to be limited to their assumed Constituency – instead to prompt them for their supervisor and allow them to self-identify to their own Constituency. It is ***mandated*** that all votes in all ballot matters must remain anonymous to all parties other than the Election Tsar and that the Tsar to report the results accurately reflective of the student body and not their own interests.
